

# PANGOLIN TRAFFICKING 2011 TO 2013

a conservative estimate based on seizures\* reported by the media

## 105,410 - 210,820 PANGOLINS KILLED IN LESS THAN 3 YEARS

### 2013

x 58

+

=

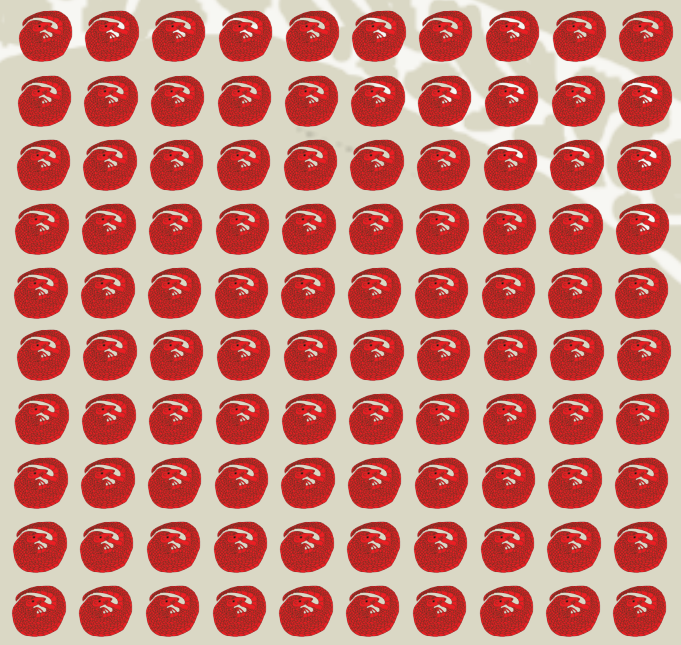

# 58,320

20% 29,160 - 10% 58,320

AS OF 24 OCTOBER

Pangolins are eaten as a delicacy in China and Vietnam. Pangolin scales are used in traditional Chinese medicine. Pangolin scales are made of keratin, just like fingernails, rhino horns, and horse hooves. Pangolin scales contain NO medicinal properties.

### 2012

x 65

+

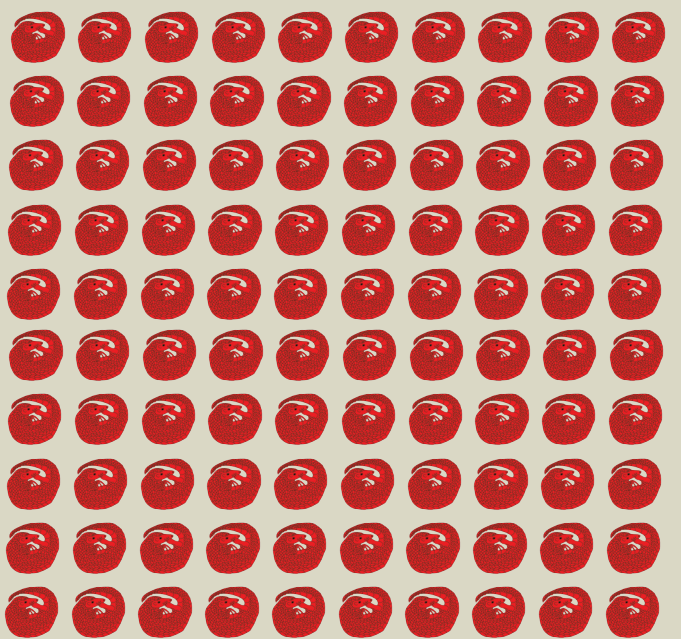

=

# 65,500

20% 32,750 - 10% 65,500

There are 8 species of pangolin - 4 in Africa and 4 in Asia. There is no current population estimate for pangolins. Pangolins do not breed well in captivity and cannot be commercially farmed.

### 2011

x 87

=

# 87,000

20% 43,500 - 10% 87,000

### APPENDIX II LEGAL TRADE 2011 - 2012

- ↳ 33 transactions recorded
- ↳ Top importer: USA (58%)
- ↳ Top exporters: China (15%) & Togo (15%)
- ↳ Largest transaction: 250 skins from Guinea to Thailand

\* Seizures represent 10 - 20% of actual illegal trade volume
